Pay all future recurring invoices with this information until I notify you otherwise. Yes / No

Authorized Signature: _____

When Should You Call Your Alarm Dealer?

We are always happy to hear from our customers and glad to answer your questions, but there are some important times to remember to contact your alarm dealer.

- Notify us monthly when you are going to test your alarm system.
- When there are any changes to your Call List.
- If you suspect you may have a problem with your system.
- If you are considering changing or have already changed your phone system to VoIP, DSL or if cancelling your telephone service.
- If you are notified that your alarm system has sent a low battery/power signal (you may need to replace your battery).
- If your home or business is for sale or you are moving.
- If you would like to add to or upgrade your existing system.
- When you are going on vacation.

We look forward to serving you!
